

Patient and Family Workshop on Hyperoxaluria and Cystinuria

Saturday, November 5, 2016

Boston Children's Hospital, Boston, MA

Please join the Oxalosis & Hyperoxaluria Foundation and the International Cystinuria Foundation for a **special one-day workshop!** The conference will provide educational outreach, information on potential treatment and testing options, basic and transitional research updates, all from a panel of top experts.

The 2016 Patient and Family Workshop will provide a forum much-needed for the growing number of individuals and families facing the daily challenges of Hyperoxaluria and Cystinuria. The workshop is free to attend and open to adults and children. Lunch, refreshments & snacks will be provided.

To register, please go to: <http://tinyurl.com/OHFBoston>
